

Plasma/LCD/TFT Screen Make and Model:

* As well as the total thickness of the screen, we also require a dimension 120mm in from the side. This means we can ensure an excellent fit for the screen in its supporting foam blocks.

Please tick if applicable

Will the desktop stand be attached in transit?

Do you require separate pockets for speakers?

Do you need a partition for cables/ accessories?

Are there any protruding features on the screen? Wall mount etc. If yes please detail below.
